

Color-flow Doppler and Advanced Imaging for Prostate Cancer: A Primer on Color-flow Doppler Ultrasound and Advanced Imaging Techniques

This educational booklet is part of the Dattoli Cancer Foundations Prostate Cancer Essentials for Survival series. It is a primer for informed patients and provides a comprehensive overview of color-flow Doppler ultrasonography and other advanced imaging modalities, including USPIO and ProstaScint with Computerized Tomography (CT) or Magnetic Resonance Imaging (MRI) Fusion. Two leading cancer care professionals specializing in state-of-the-art radiotherapy offer the most practical and up-to-date information on advanced imaging techniques currently used as tools for diagnosis, treatment planning and monitoring. The authors share their wealth of knowledge and experience as members of the Dattoli Cancer Center & Brachytherapy Research Institute, which has the largest brachytherapy and IMRT program in the country and the best long term cure rate for medium and high risk patients. Michael J. Dattoli, M.D. is a leading radiation oncologist and one of the pioneers in the field of brachytherapy and Dynamic Adaptive Radiation Therapy (DART). Dr. Dattoli is the founder and Physician-in-Chief of the Dattoli Cancer Center & Brachytherapy Institute of Sarasota, Florida. He has published many peer-reviewed research studies and has the most successful long term cure rates in the world for medium and high risk disease, utilizing a combined protocol of DART, 4-Dimensional Image-Guided Intensity Modulated Radiation Therapy (4D IG-IMRT) and brachytherapy (radioactive seed implants). Jennifer Cash, ARNP, OCN, is an Advanced Registered Nurse Practitioner and noted author on the subjects of prostate brachytherapy, advanced radiation delivery systems (DART/IMRT) and hormonal therapy. Dr. Dattoli and Ms. Cash are frequent lecturers for prostate cancer support groups as well as medical and civic organizations.

A primer on evaluating your prostate cancer treatment options. This 46-page booklet provides a comprehensive overview of diagnostic imaging techniques and 4 D Color-Flow Doppler and Advanced Imaging for Prostate Cancer and practical guide on the technology and application of ultrasound and MRI in the maleColor-flow Doppler and Advanced Imaging for Prostate Cancer: A Primer on Color-flow Doppler Ultrasound and Advanced Imaging Techniques eBook: MichaelColor-flow Doppler and Advanced Imaging for Prostate Cancer: A Primer on Color-flow Doppler Ultrasound and Advanced Imaging Techniques by Michael J.Color-Flow Doppler and Advanced Imaging for Prostate Cancer: A Primer on Color-Flow Doppler Ultrasound and Advanced Imaging Techniques.
