

# Finding Elizabeth

Finding Elizabeth is the true story of how several grieving families in a small Florida community have ~ through the astounding powers of Psychic/Medium Elizabeth Palin ~ received real and reassuring contact from their children who they thought were lost forever to tragic deaths. In their own words, family members confirm that there IS life after life; that their loved ones are indeed alive in the spirit world, living out dreams they had on Earth. Through Elizabeth, these young spirits answer plagues questions, solve mysteries their deaths left unanswered, and, most of all, console and heal just by being near, giving messages of hope to broken hearts left behind. In Part I of this book, you will meet Jody, Shannon, Randall, Stephanie, Sydney, DJ and Jason. These blessed souls were tragically struck down far too early in their young lives, yet they have reached their families through Elizabeth Palin; proving, beyond a shadow of doubt, that their eternal souls live on. In Part II, the author interviews Elizabeth, revealing a life history that could only be described as divinely inspired. Finally, in Part III, parents report on their own After-Death Communications from their children; showing how you too can open up to receive messages from beyond. Skeptics are invited to open these pages and their minds, and awaken to the extraordinary possibility that we can receive comforting messages from loved ones from the other side of that tenuous veil we call death.

A novel narrated by an 82-year-old woman with dementia who is searching the neighbourhood for an elderly friend is an unusual choice of a story about losing your way and finding your life. Book 1 of 3. Elizabeth Lara built a perfect life as San Francisco's top divorce attorney, but when she loses her Elizabeth is missing, and I must do something to find out what's happened.
