

Go South to Freedom

More than twenty years ago, Robert Croshon, an elderly friend of Frye Gaillard's, told him the story of Croshon's ancestor, Gilbert Fields, an African-born slave in Georgia who led his family on a daring flight to freedom. According to the story, Fields and his family ran away one stormy night, intending to travel north under cover of darkness. But the thunderstorm blotted out the stars, and when morning came Fields and the others discovered they had been running south. They had no choice but to keep going, seeking sanctuary with the Seminole Indians of Florida and later a community of free blacks in Mobile. With Croshon's blessing, Gaillard has expanded this oral history into a novel for young readers, weaving the story of Gilbert Fields through the nearly forgotten history of the Seminoles and their alliance with runaway slaves. As Gaillard's narrative makes clear, the Seminole Wars of the 1830s, in which Indians fought side by side with former slaves, represents the largest slave uprising in American history. Gaillard also puts a human face on the story of free blacks before the Civil War and the lives they painfully built for themselves in Mobile. Hauntingly illustrated by Alabama artist Anne Kent Rush, *Go South to Freedom* is a gripping story for readers of any age. Frye Gaillard, writer in residence at the University of South Alabama, is author of more than 20 books, including *Journey to the Wilderness: War, Memory, and a Southern Family's Civil War Letters*. This is his second book for young readers.

MICHIGAN The Underground Railroad also ran south not back toward number at four thousand but quantifying this is never going to happen, Kelley says.
